PROFESSIONAL SUMMARY

Fullstack Developer with 10+ years building scalable APIs and high-performance web applications. Specialized in **NestJS**, **Express.js** and **React (Next.js)**, with achievements in legacy system integration (AS400), 80%+ test coverage, and technical leadership as Deputy Director of Development. Proven record in remote cross-border teams with a modern Docker, CI/CD, TypeScript and Tailwind stack.

CORE COMPETENCIES

NestJS / Express.js API Architecture

TypeScript End-to-End

Next.js SSR/ISR

Legacy Integration (AS400, .NET)

PostgreSQL / MySQL / Firebase

Docker + CI/CD

Tailwind CSS + Design Systems

Scrum / Kanban Leadership

WORK EXPERIENCE

Factor IT June 2026 - September 2026

Full Stack Developer

Bogotá, Colombia

- Develop and evolve a corporate platform with **React** and **Next.js**, adding modules that improve functionality and user experience.
- Build REST APIs with **Node.js** and **NestJS** to integrate services, **AS400** databases, and external APIs.
- Contribute to centralizing critical information while maintaining performance, scalability, and security standards.

Soho (Chile, Remote) January 2025 - June 2026

Fullstack Developer Semi Senior

Chile - Remote

- Built high-traffic corporate portals with **Next.js**, optimizing performance via **SSR/ISR** and reusable module architecture.
- Designed and built **NestJS** APIs for service orchestration, integrating legacy **AS400** systems, external providers, and **PostgreSQL**.
- Maintained 80%+ Jest coverage (unit + integration), reducing production incidents.
- Collaborated with design (Figma, **Storybook**) and built responsive UI with **Tailwind CSS**; enforced security and scalability standards on Node.js.

CPR Servicios y Consultoría April 2023 - January 2025

Deputy Director of Development

- Coordinated team operations, technical planning, priorities, and sprint estimation under **Agile (Scrum/Kanban)**.
- Mentored junior developers and promoted engineering best practices and continuous improvement.

CPR Servicios y Consultoría March 2020 - March 2023

Software Developer

- Designed and developed scalable REST APIs with **Node.js** and **Express.js** for high-concurrency mass insurance quoting.
- Built complex SPAs with **Angular** and DevExtreme for real-time data visualization.
- Administered and optimized **MySQL** and **Firebase Realtime Database**; integrated **.NET** services for automated data processing.

U2 Software April 2019 - August 2019

Fullstack Web Developer

- Fullstack development with PHP/Laravel for e-commerce platforms (TuLlanta and LaRueda).

OpenTecnología	February 2018 - April 2019
Development Engineer	
Led migration from Vanilla PHP to Laravel and developed the Electronic Invoicing module with Angular.	
LinkTIC	July 2017 - February 2018
Fullstack Developer	
Built SEO-responsive websites, REST services with CakePHP, and managed MySQL.	
AnswerING Technologies	September 2016 - December 2016
Software Developer	
Web application development with PHP, MySQL, JavaScript, and API consumption.	
Yonohagofila / Soluciones C2	April 2014 - January 2016
Junior Developer	
Hybrid mobile apps with ionic/Cordova, PHP maintenance with Symfony2, and MySQL.	
Stefanini Colombia	April 2013 - April 2014
Junior Developer	
Responsive web layout and PHP maintenance with Oracle.	

PROJECTS

Online Store Personal

Full-stack e-commerce project demonstrating modern-stack fluency: NestJS backend with JWT and PostgreSQL, Next.js 16 frontend with MUI and Tailwind.

NestJS 11, TypeORM, PostgreSQL, JWT, Next.js 16, MUI, Tailwind

EDUCATION

Technology in Information Systems Management Fundación San José	Expected: 2026
Systems Engineering Studies Universidad Nacional Abierta y a Distancia (UNAD)	2011 - 2015

CERTIFICATIONS

API Architecture and Google Cloud Apigee	In progress
Deployment Strategies and DevOps for Node.js	In progress

SKILLS

Languages: JavaScript (ES6+), TypeScript, PHP, SQL, HTML5, CSS3
Backend: NestJS, Node.js (Express.js), Laravel, .NET, Microservices, REST API
Frontend: Next.js, React, Angular, GraphQL, Jest, Storybook, Tailwind CSS
Databases: PostgreSQL, MySQL, SQL Server, Firebase, Oracle DevOps & Tools: Git, Docker, CI/CD, Jira, Linux, Vercel, Turborepo
