PROFESSIONAL SUMMARY

Fullstack Developer with 10+ years building scalable APIs and high-performance web applications. Specialized in **NestJS**, **Express.js** and **React (Next.js)**. Proven achievements in legacy system integration (AS400), 80%+ test coverage, and technical leadership as Deputy Director of Development. Seasoned in remote cross-border teams with a modern Docker, CI/CD, TypeScript and Tailwind stack.

CORE COMPETENCIES

NestJS / Express.js API Architecture

TypeScript End-to-End

Next.js SSR/ISR

Legacy Integration (AS400, .NET)

PostgreSQL / MySQL / Firebase

Docker + CI/CD

Tailwind CSS + Design Systems

Scrum / Kanban Leadership

WORK EXPERIENCE

Factor IT June 2026 - September 2026

Full Stack Developer

Bogotá, Colombia

- Developed a corporate platform with **React** and **Next.js**, adding modules that improve user experience.
- Built REST APIs with **Node.js** and **NestJS** to integrate services, **AS400** databases, and external APIs.
- Centralized critical information while maintaining performance, scalability, and security standards.

Soho (Chile, Remote) January 2025 - June 2026

Fullstack Developer Semi Senior

Chile - Remote

- Built high-traffic corporate portals with **Next.js**, optimizing performance via **SSR/ISR**.
- Designed robust **NestJS** APIs to orchestrate services, integrating legacy **AS400** systems, external providers, and **PostgreSQL**.
- Implemented security and scalability standards across Node.js-based architectures.
- Achieved 80%+ test coverage with **Jest** (unit and integration), reducing production incidents.
- Collaborated with the design team using Figma and **Storybook** to ensure Design System consistency.
- Styled responsive components with **Tailwind CSS** for consistent visual design.

CPR Servicios y Consultoría April 2023 - January 2025

Deputy Director of Development

- Coordinated team operations, technical planning, priorities, and sprint estimation (**Scrum/Kanban**).
- Mentored junior developers and promoted engineering best practices and continuous improvement.

CPR Servicios y Consultoría March 2020 - March 2023

Software Developer

- Designed and developed scalable REST APIs with **Node.js** and **Express.js** for high-concurrency mass insurance quoting.
- Implemented custom middlewares, modular routing, and session handling with Express.js, improving codebase maintainability.
- Built complex SPAs with **Angular** and DevExtreme to visualize data in real time.
- Administered and optimized **MySQL** and **Firebase Realtime Database** instances.
- Integrated **.NET** services for automated data processing between APIs and enterprise spreadsheets.

U2 Software April 2019 - August 2019

Fullstack Web Developer

- Developed e-commerce platforms with PHP/Laravel (TuLlanta and LaRueda), improving user experience and the checkout flow.

OpenTecnología

February 2018 - April 2019

Development Engineer

- Migrated the technical stack from Vanilla PHP to Laravel, standardizing development with OOP patterns.
- Developed the Electronic Invoicing module and integrated external APIs using Angular.

LinkTIC

July 2017 - February 2018

Fullstack Developer

- Built SEO-friendly responsive websites.
- Maintained PHP applications with CakePHP and developed REST API services.
- Administered MySQL databases.

AnswerING Technologies

September 2016 - December 2016

Software Developer

- Developed web applications with PHP, MySQL, JavaScript, and API consumption via CURL/XML.

Yonohagofila / Soluciones C2

April 2014 - January 2016

Junior Developer

- Developed hybrid mobile apps with **Ionic/Cordova** and AngularJS.
- Maintained PHP applications with Symfony2.
- Administered MySQL databases and configured inventories.

Stefanini Colombia

April 2013 - April 2014

Junior Developer

- Built SEO-friendly responsive websites.
- Maintained PHP applications and administered Oracle databases.

PROJECTS

Online Store Personal

Full-stack e-commerce project demonstrating modern-stack fluency: NestJS backend with JWT and PostgreSQL, Next.js 16 frontend with MUI and Tailwind.

NestJS 11, TypeORM, PostgreSQL, JWT, Next.js 16, MUI, Tailwind

EDUCATION

Technology in Information Systems Management [Fundación San José](#)

Expected: 2026

Systems Engineering Studies [Universidad Nacional Abierta y a Distancia \(UNAD\)](#)

2011 - 2015

CERTIFICATIONS

API Architecture and Google Cloud Apigee
